AN exchange makes this suggestion for business men: "In all towns where a newspaper is published, every business man ought to advertise in it, even if it is nothing more than a card stating his name and kind of business he is engaged in. It helps sustain a paper and lets the people at a distance know that the town is full of business men. The paper finds its way into thousands of places where hand bills cannot reach. A card in a paper is traveling sign board, and can be seen by every one. Think of these things and let your light shine.

### Ohio Valley Flour Mill.

An advertisement of this well known and popular mill appears elsewhere. It is one of the best in the country and its products are known not only at Aberdeen and the surrounding country but also over a wide territory elsewhere. So popular is the flour that for some time past it has been necessary to run the mill both night and day. The flour is very superior. All who use it will find it the best.

THE Flemingsburg Democrat referring to the candidacy of Judge Harbeson for Congress says:

The unanimity with which the instruction was conferred upon him, over two of the most popular men in Fleming county, shows the high regard in which he is held by the people of his native county. He has filled several places of honor and trust, and always has he proved a faithful steward. He is well posted in the political history of the country, he has a profound knowledge of the law, and as a business man he has proven successful. Beyond the individual claims of Mr. Harbeson, Fleming county has claims upon the nomination which the convention cannot ignore. It has been nearly thirty years since we have been represented in Congress, and we believe it has never been represented by the nominee of the Democratic party. Our sister counties of Mason and Nicholas will please consider our claims.

THE Bracken Chronicle says in speaking of the late fire at Higginsport:

In a conversation with Capt. Boyd on Tuesday morning last, we obtained the following: He estimates their loss at about \$45,000 with insurance on same, that there was consumed in the fire from 2,500,000 to 3,000,000 feet of sawed lumber, principally poplar, with 100,000 feet of fine walnut and some of it curly walnut; that the damage to the mill will be from \$500 to \$1,000, and that the work will resume in about three days, none of the machinery being affected. The fire originated in cooper shop, Sam Thomas' loss is probably \$2,000, and Kent on 12,000 pounds of tobacco, \$2,500, making a total loss, so far as ascertained, \$70,000.

### The Finding of Moses.

[From the Recollections of a Dublin M.]  
On Egypt's banks, contiguous to the Nile,  
Great Pharaoh's daughter went to bathe in style;  
And as she ran about to dry her royal skin,  
She kicked the bulrush that had little Moses in.  
At that event surprised awhile she stood,  
In silence gazing on the sacred flood;  
Then turning to her maids, she said in accents mild,  
Blood an' ages, girls, which of yez owns the child?

### A Bridegroom Gets Away.

Milwaukee special to the Cincinnati Commercial: There was to have been a high-toned wedding in St. Mary's Catholic church, where Constant Coemule was to have wed Miss Rosa Linden. At the appointed hour, when the guests and friends were all in waiting, the groom failed to appear, and it has transpired that he gathered together a large sum of money and departed for parts unknown. It is alleged that he has a wife in Denver, and a report to that effect, which has recently been circulated, it is supposed caused the hasty departure. The wedding presents were very numerous, among them an envelope from the bride's father containing a check for \$5,000. An elegant house had been furnished and the wedding was to have been a grand affair. The denoument has caused a great sensation.
